# PRE-SUMMIT SESSIONS

Select one  
Pre-Summit Session

FREE!

## Concurrent Sessions

### 12:15PM - Check-In/Registration

### 1:00PM - 3:00PM Session A: Billing and Reimbursement Bootcamp

Calling all healthcare billing professionals to attend the Telehealth Billing and Reimbursement Bootcamp! Topics covered include:

- Reimbursement and Billing Information
- Documentation Guidelines
- SC Telemedicine Act
- and more!

### 1:00PM - 3:00PM Session B: Telehealth 101 & Telehealth 201

Let's discuss telehealth as a solution for your service. Whether you are new to telehealth or interested in tools to take your program to the next level, this session is for you. The basics of telehealth (telehealth modalities, equipment, services, benefits, and more) and next steps (marketing, expansion, ROI, and more) will be presented.

### 1:00PM - 4:30PM Session C: Digital Divide Simulation....40 Seats Available

You are invited to participate in an immersive experience designed to illustrate the real-life impact and compounding challenges faced by individuals with limited access to technology. On October 28th, join us as a 'first audience' in South Carolina for the Digital Divide Simulation event at the Telehealth Summit. Over the course of an hour - in (4) 15-minute weeks - a facilitator will take you through an immersive simulation and experience in the life of a real-life Persona where you'll role-play a well-articulated sequence of activities and obstacles over a simulated month living in their shoes.
